# EAST COOPER LAND TRUST

*Our Present for the Future*

## **MISSION**

East Cooper Land Trust is a community-supported organization devoted to conserving land to benefit people and the environment both now and forever.

## **VISION**

As we lead the conservation effort in East Cooper, we will:

- Identify and conserve land of environmental, cultural or historical value.
- Preserve the rural character of surrounding coastal communities.
- Enrich our urban and suburban community through collaboration by conserving land for people to enjoy such as parks, gardens and trails.
- Raise public awareness about the benefits of land conservation.

As a non-profit, non-political organization serving communities between the Cooper and Santee Rivers, we rely on your financial support to sustain and expand our efforts.
